SaaS Solution from PrinterLogic

PrinterCloud from PrinterLogic is a SaaS solution that completely eliminates the need for print servers, delivers centralized print management, and empowers end users to install printers on their own with a single click. Businesses gain the efficiency of print management without infrastructure and implementation hassles, while lowering costs.

PrinterCloud offers the same enterprise-class features as PrinterLogic's on-premises solution—in a hosted, serverless platform. It gives IT professionals the ability to manage all of their network printers from a powerful web-based Admin Console. Using centrally managed direct IP printing, PrinterCloud greatly reduces downtime and keeps the environment stable and available, even if the internet connection goes down.
